SPEED SKIING GAVARNIE-GEDRE FRANCE

COVID-19 HEALTH PROTOCOL

The following protocol was drawn up by the Organizing Committee for the speed skiing events of Gavarnie Gèdre. It incorporates the key elements of the one that had been validated by the local authorities in 2021 (Hautes-Pyrénées Prefecture and Gavarnie Gèdre Town Hall) while taking into account changes relating to government provisions.

- The appointment of a COVID 19 chief of protocol will allow better management of the procedures imposed by the Coronavirus crisis and its evolution. The Organizing Committee will adapt the protocol according to the latest standards recommended by the FIS, FFS, ARS and local authorities.
- An intelligently adapted protocol is defined for each group in addition to the use of the health questionnaire and the latest COVID19 guidelines in progress.

General principles

(can evolve)

- Limitation of interactions with the establishment of sanitary bubbles
- A hermetic “bubble” race with very strict protocols
- Respect for physical distancing and barrier gestures in all our areas
- Wearing a mask compulsory in all interior and exterior areas
- A daily check of the health pass set up for all people with accreditation (runners, organizers, media, trackers, doctor, volunteers, etc.) via the TOUSANTICOVIDVERIF application
- The spaces reserved for red, green and yellow bubbles will be closed to the public in order to prevent any spread of the virus
- Specific order of the Mayor to prohibit access to the race track to non-accredited people
- Exclusion of any person who does not respect the protocol
- Seating plans for team catering
- Possibility of carrying out antigenic tests directly at the station's first aid station

SPEED SKIING GAVARNIE-GEDRE FRANCE

Sanitary bubbles

Race bubble

- The teams
- The staff of the teams
- The organizing committee
- The FIS staff
- TV

Interactions with other bubbles are limited and controlled

Organizing bubble

- Team of race committee
- Service providers
- Volunteers
- Medical team
- Accredited station employees

Interactions limited with the race bubble

Press bubble

- Journalists
- Photographs

Interactions limited with the race bubble

SPEED SKIING GAVARNIE-GEDRE FRANCE

TESTING POLICY

- Strict compliance with the rules of the Ministry of Health and the ARS.
- Integration into the test regulations for the health pass and the compulsory tests before the test to be able to withdraw accreditation.
- To withdraw their accreditation for all people belonging to the Courses, Organization and Press bubbles

It is necessary :

- present a nasopharyngeal RT-PCR <0 test carried out within 72 hours before arrival on the scene regardless of the presentation of a complete vaccination certificate or an antigen test of less than 24 hours.
- have previously completed, **signed and transmitted the FIS questionnaire sent by the Organizing Committee** (to be sent to the OC by email)
- The Organizing Committee strongly recommends that all people in the areas identified in this protocol download the "TousAntiCovid" application

In order to be able to comply with the recommendations of the FIS and facilitate access to tests for accredited persons, it is planned to set up an antigenic test room directly at the station. The tests will be carried out by the ski patrollers as validated by the Interministerial Crisis Center in conjunction with a health professional who will enter the results within 15 to 30 minutes.

SPEED SKIING GAVARNIE-GEDRE FRANCE

FIS COVID-19 Prevention Guidelines for Event Organizers

Health questionnaire for accredited persons

Name (as in passport):

Permanent Address:

Address at the event:

Telephone number (cell phone):

Email:

Countries you have visited in last 14 days:

- Have you had any cold symptoms (cough, runny nose, sore throat, difficult breathing) during the last 14 days?:

- Have you had any of the following symptoms during the last 14 days:

- Fever
- Chest pain
- Headache
- Nausea/Vomiting
- Diarrhea

- Have you been in contact with someone with a proven infection with Covid-19? - Have you been in quarantine during the last 14 days?

-Have you tested positive to the PCR (Polymerase chain reaction) test during the last 14 days?

Signature:

If there is evidence of an acute infection you will be provided with a mask, the medical personnel are equipped and isolation will be required. The local public health authority will be notified, and their protocols will be followed. An accreditation will not be issued until you have been cleared by the local public health authority. Athletes and accredited persons should be reassured that declaring travel from high risk area will not preclude participation, but that they should expect to be more closely monitored. *The personal information provided is treated strictly confidentially by the Local Organizing Committee and FIS. It will only be used for the purpose of assessing whether the applicant can be granted or maintain accreditation in view of the COVID-19 outbreak. Local and global public health requirements will determine the length of time the data is retained.*

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURES

Goal:

- **Preserve the health of athletes and all stakeholders in the event.**
- **Preserve the continuity of races.**

Basic principles:

SECURITY

- No interaction with non-accredited people outside the event
- A routing system will be set up on the site from the car park to the entrance to the various zones. At the parking level (see map in the appendix), we are planning separate parking areas by bubble color. Volunteers will be present in the parking lot to guide people. There will thus be 3 red, green and yellow paths which will start from the car park to the upper buildings. The volunteer staff will guide people to take the right path based on accreditations. These paths will be materialized by milestones linked by ribbon in the color of the bubbles to the planned areas. The skier and pedestrian public will have differentiated access.

PROTECTION

- Wearing a mask is compulsory
- Regular use of hydroalcoholic gel
- Temperature measurement of all people on site

DISTANCIATION

- Respect for distance
- Definition of delimited spaces for each bubble as shown on the plan.

CONFINEMENT

- Respect your sanitary facilities and have no contact except those provided and secured

TRANSPARENCY

- Report all symptoms to the doctor, to the organization
- Identify at-risk contacts

VENTILATION

- Ventilate confined spaces used

SCREENING

- Subscribe to the Covid-19 testing policy for all bubble people

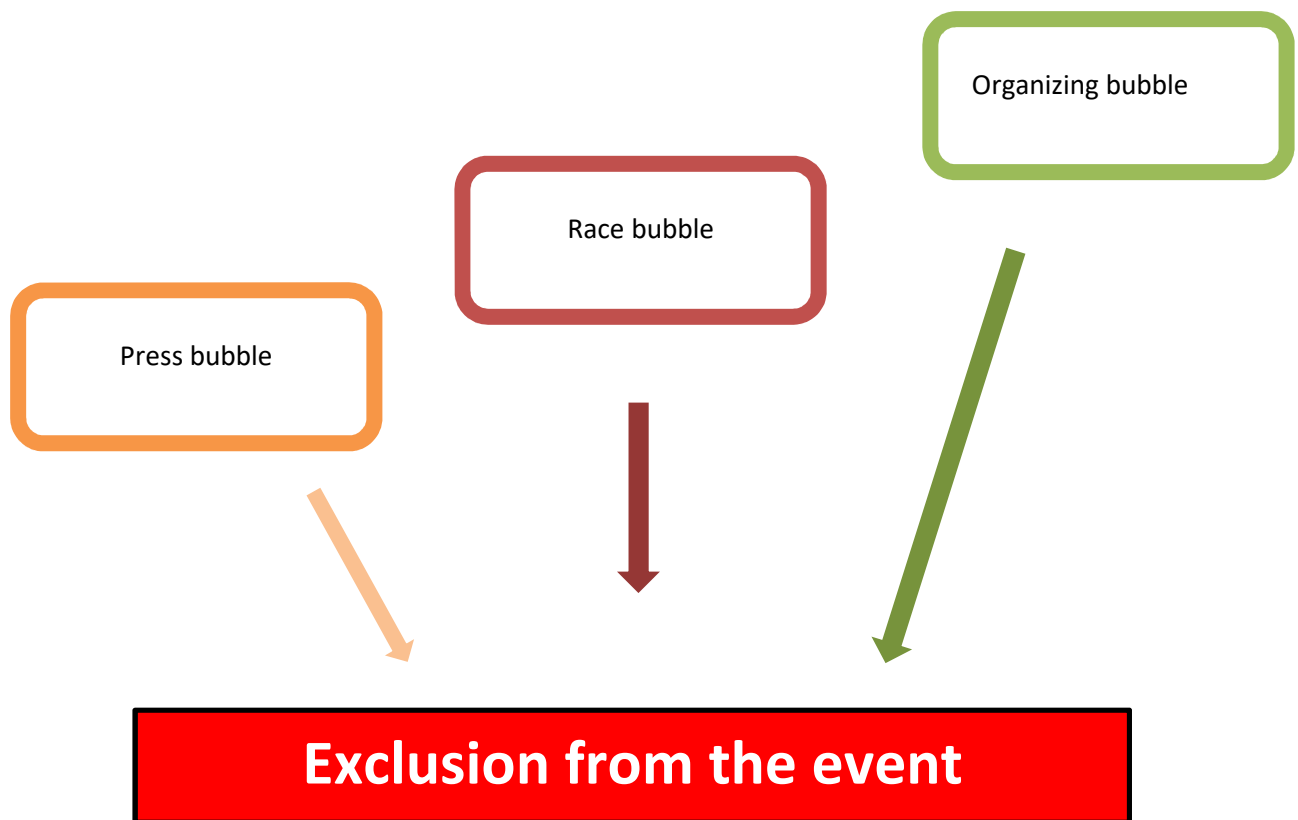

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURES

Breach of health protocol

The respect of this protocol is specific to the responsibility of each one.

Failure to comply with the measures and rules published in this document results in

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURE BY ZONE

The interior and exterior areas reserved for each bubble are shown in Annex 1.

Runners / tent waiting area

- The spaces will be reorganized and the number of people limited
- Establishment of a direction of movement
- Limit these spaces to the race area
- No volunteers within these spaces, only outside for access control and to restock snack tables.

The picnic room as well as the two changing rooms on the map will be reserved for the dressing rooms for the runners of the red bubble. Only runners, ie around 50 people, need to change. The total surface of the spaces dedicated to the changing rooms is 180m². In order not to have too many people simultaneously in the room, we have planned to do 2 rotations, namely the S1 first, which will be the runners who will start first and then the S2 following. There will be 30 minutes of room ventilation and cleaning between the two groups (see daily cleaning schedule)

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURE BY ZONE

Material preparation area

- One waxing area per nation or the possibility of sharing the space with another nation provided that these two nations are in the same hotel
- Inside the box: access limited to 2 people
- Limit these spaces to the race bubble
- Area inaccessible to the public

Departure and arrival area

- The spaces will be organized in order to limit the flow of people
- The competitions will be in three waves in order to limit the number of riders waiting in the start area.
- Establishment of a direction of movement
- Limit the number of staff within the spaces
- Limit these spaces to the race bubble
- No volunteers within these spaces, only outside for access control
- The athletes will change in the locker rooms in the picnic room provided for this purpose according to the defined schedules. Individual chairs will be made available and disinfected between each rotation in addition to ventilation.
- Area inaccessible to other bubbles except for cleaning and restocking procedures

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURE BY ZONE

Snack area on piste

In compliance with health rules

- Recommend individual portions and make bottles available
- Provision of hydro-alcoholic gels.
- Regular cleaning of the space: disinfection
- Strengthen access control at the entrance
- Area inaccessible to the public

An open tent of 13m² that does not meet an ERP CTS type registration will be placed outside in the red zone in order to be able to provide this snack. Positioning this tent outdoors limits the circulation of the virus when people in the red bubble remove their masks.

The interior areas reserved for each bubble, the accesses and direction of circulation are shown in Annex 2.

Catering area

- Provision of a specific dining room for each bubble
- Limit the workforce within the spaces
- Development of traffic lanes.
- Catering in compliance with current health regulations with predefined seating plans
- The people in charge of table service will be the same throughout the competition for each bubble
- Provision of hydro-alcoholic gels
- Regular cleaning of the space: disinfection
- Strengthen access control at the entrance

The 150 m² dining room will be reserved for meals at the red bubble. Seating plans have already been planned in advance with predefined meal times. At the beginning of December, a letter was sent to the runners to find out who would be the people of the red bubble who would have lunch at the restaurant in order to be able to establish this

SPEED SKIING GAVARNIE-GEDRE FRANCE

schedule. The organization has also sent all the registration forms for the runners, staff and organizers in order to be able to make seating plans.

A 15-minute rotation is scheduled between the 2 services in order to ventilate the room and proceed with cleaning. Each team will eat separately and keep the same table throughout the competition as much as possible. The dining room will be accessible from the red zone space. As the door can only be opened from the inside, it will only be opened at the time defined by the catering staff. A control will be carried out at the entrance to ensure that the provision is respected. This way, we will be able to know day by day which person ate at which table and with whom.

The dining room reserved for the press is that of the bar represented by yellow. It is 50 m² and will not accommodate more than 10 people simultaneously. People from different organizations will also eat at separate tables. The press is not the same every day, an update will be made every morning on people wishing to eat in order to verify their accreditation and the presence of a negative test. To date, less than 10 people are registered in this bubble.

The green bubble is mainly made up of ski resort staff and volunteers in the parking areas, snow front, maintenance, ski lifts and catering.

All tested, they will eat in the upstairs room which is approximately 50 m² and which is accessible from the locker rooms of the station staff and administrative offices. To date, the green bubble has fewer than 30 people. We will therefore set up 2 catering rotations with room ventilation and disinfection between each service.

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURE BY ZONE

Accommodation / Meals

- Teams housed on the same floor, access to hotel facilities by stairs (to avoid elevators)
- Separation of teams and other hotel guests
- Keep some distance between the twin beds
- If possible, separate access for the team
- Additional cleaning / disinfection plans before arrival
- Hand disinfection system and paper towels available in several places in the accommodation, including the bedrooms
- Avoid cleaning rooms when team members are present. (Avoid contact with cleaning staff)
- Provide isolation rooms if necessary
- Rules for using common meeting room facilities
- Separate dining rooms / areas from other hotel guests with sufficient space
- Prepare the dining room (s) as much as possible before the teams arrive
- Sufficient water / drinks already on the tables
- Favor self-service with already prepared dishes or table service

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURE BY ZONE

Transport / ski lifts

2 ski lifts = individual lifts

Race start area accessible by ski lift: Mourgat.

Building access and Mourgat ski lift access from the race exit by a ski lift: Pahule

Respect of a distance of 2 m in the queue

- Wearing a mask is compulsory on all ski lifts and in the queue
- Disinfection in accordance with the recommendations of the Ministry of Transport and / or the operator of the ski area
- Mourgat ski lift: exclusively reserved for the red bubble and help if necessary during the competitions
- Pahule ski lift: priority passage reserved for the red bubble and emergency services if necessary

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURE BY ZONE

Withdrawal of accreditations

Race Bubble

- Withdrawal of accreditations for teams (athletes and staff) at the catering hall for the red bubble. One person per team must come and collect accreditations, identification armbands and access races (eg Team Captain) -
- Provision of hydro-alcoholic gel
- Establishment of a direction of movement
- Regular disinfection of these areas
- Area inaccessible to the public

Volunteers and press

- Withdrawal of volunteer accreditations, Media, at the station, at the ticket office by 2 outside queues (green bubble and yellow bubble)
- Provision of hydroalcoholic gel
- Establishment of a direction of movement
- Regular disinfection of these areas

Accreditations will be issued on the day of arrival on site.

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURE BY ZONE

Race office & Team Captain Meeting

- The Team Captain Meeting will take place in the resort's meeting room. Contacts and the number of people will be limited. The meeting will not last longer than 15 minutes
- In order to limit contacts, all documents and information will be sent by email or mobile application (Whatsapp or other) to the team captains (contact details to be sent in advance to the organization)
- Station meeting room: a space is reserved for the Organizing Committee, FIS staff, the race office (secretaries and technicians), timekeepers, 1 representative per Nations and 1 representative for rescue
- Live broadcast
- Online program

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURE BY ZONE

Jury office

- Limit the number of people
- A room available at the station
- Provision of hydro-alcoholic gel and disinfectant wipes
- Regular cleaning of this room

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURE BY ZONE

Press

- The spaces will be reorganized in order to limit the flow of people. The media will mainly stay outside and if they need a room, they will go to the bar room provided for the catering.
- Establishment of a direction of movement
- Limit the number of staff within the spaces
- Limit this space to the press, limit the number of journalists during the event

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURE BY ZONE

Podiums

- Prize giving at the end of the races in the finish area. Limited access to the racing bubble.
- Respect for physical distances between the athletes themselves and between the athletes and journalists when photographing the podium
- No shaking of hands when handing over the trophies
- Wearing a mask is compulsory, possibility of removing the mask for photography
- Athletes must stay on their podium

SPEED SKIING GAVARNIE-GEDRE FRANCE

SANITARY MEASURE BY ZONE

Radio stations

- Disinfect radios regularly
- A single volunteer assigned to the radios, wearing a mask and mandatory gloves

TV

- Limited access to TV (only outside the racing area)

SPEED SKIING GAVARNIE-GEDRE FRANCE

PUBLIC RECEPTION

The ski resort will be open to the public during competitive training days. The race zone reserved for accredited persons will however be inaccessible to the public (fixed nets and controllers).

The spaces dedicated to the different bubbles (restaurant room, picnic room for changing rooms, etc.) will be strictly prohibited to the public. Only the shed located on the terrace and offering outdoor take-out will be accessible to the skier and pedestrian public for dining.

A path from the car park will be set up to avoid any contact between accredited persons and the public.

WASTE MANAGEMENT

Throughout the event, the treatment of waste (masks, etc.) on the resort site will be provided by the same person in conjunction with the environmental and sorting mediator for the Pyrenees Vallées des Gaves Community of Communes.

SPEED SKIING GAVARNIE-GEDRE FRANCE

SPEED SKIING GAVARNIE-GEDRE FRANCE

APPENDIX 4: Cleaning and disinfection plan

Before the competitors arrive:

Hydroalcoholic gel installation at the entrance to each area

Hydroalcoholic gel installation on all tables - snacks and catering

Lifts :

Daily disinfection of all poles: every morning

Cloakrooms :

Cleaning and disinfection after the passage of each wave S1 and S2

30 min ventilation and disinfection of all chairs

Catering:

Daily disinfection

15 min of ventilation between each service and before installation of cutlery

Sanitary:

Cleaning and disinfection rotations every 2 hours

Health Protocol Gavarnie-Gèdre ski resort

You will find attached the health protocol for the events scheduled for the Gavarnie-Gèdre ski resort in January 2022.

Here is the additional information to remember:

Health pass

Warning! Possession of a health pass does not exclude having to present a PCR test of less than 72 hours when withdrawing accreditation.

- The health pass is compulsory for all accredited persons. It is required for access to the ski lifts and to the restaurant. It will be controlled through the TousAntiCovidVerif application. All teams (staff + riders + technicians), members of the organization, FIS representatives, volunteers or any other accredited person must present it every day. Below are the cases where you can have a valid health pass:
 - The vaccination certificate, provided that people have a complete vaccination schedule:
 - 7 days after the 2nd injection for double injection vaccines (Pfizer, Moderna, AstraZeneca);
 - 28 days after injection for single injection vaccines (Janssen / Johnson & Johnson);
 - 7 days after the injection of the vaccine in people who have had Covid-19 (1 single injection).
 - 7 jours après l'administration d'une dose complémentaire d'un vaccin à ARN messenger (Pfizer ou Moderna) pour les personnes complètement vaccinées à l'étranger avec un vaccin placé sur la liste d'urgence de l'Organisation mondiale de la santé (OMS) mais ne bénéficiant pas de l'autorisation ou de la reconnaissance de l'Agence européenne des médicaments (Sinovac/Coronavac ou Sinopharm/BBIB-PVeroCells).
 - 7 jours après l'injection de la dose de rappel (pouvant être administrée 5 mois après la dernière injection).
- Proof of a negative RT-PCR or antigen test or a self-test carried out under the supervision of a health professional for less than 24 hours. The self-tests carried out under the supervision of a health professional are in fact once again recognized as proof for the health pass.
- The result of a positive RT-PCR or antigen test attesting to recovery from Covid, dating at least 11 days and less than 6 months. It indicates a limited risk of re-infection with Covid-19.

Note that a medical certificate attesting to a medical contraindication to vaccination can be presented instead of the 3 aforementioned documents.

As of December 15, 2021, people over 65 years of age and people vaccinated with the Janssen vaccine should have received a booster dose (7 months after the last injection for double-dose vaccines, 2 months after the last injection of Janssen) to keep their health pass valid.

As of January 15, 2022, all people aged 18 and over must have received a booster dose no later than 7 months after their last injection or Covid infection to benefit from a valid health pass. For example, someone who received their 2nd dose on July 1, 2021 can receive the 3rd dose from December 1, and will necessarily have to recall before February 1, 2022 to keep their valid health pass.

Since October 15, 2021, RT-PCR tests and antigenic tests are no longer free for unvaccinated adults except for medical reasons.

People who have been fully vaccinated abroad with a vaccine authorized by the World Health Organization (WHO) but not having the authorization or the recognition of the European Medicines Agency (EMA) should receive a complementary dose. a messenger RNA vaccine approved by the EMA (Pfizer or Moderna) in order to benefit from a health pass in France. The complete vaccination schedule is 7 days after the administration of this additional dose to validate their health pass in France.

Afin de faciliter le contrôle quotidien du pass sanitaire sur site, il vous est proposé d'amener le jour du retrait de l'accréditation tout document pouvant attester de la durée de la validité du pass sanitaire sur la totalité des journées de compétition. Ceci permettra à la personne responsable des accréditations d'apposer une mention pour éviter le contrôle quotidien.

For anyone unable to provide a valid health pass for training and competition days, an antigenic testing room will be set up directly on the station. This will get a result in 30 minutes. The test will be billed on site. It is imperative that you make yourself known to the organization before the competition if you wish to benefit from this service. This test will be carried out in the evening.

Respect for barrier gestures

Organizing an event of this magnitude at our station is both a pleasure and a challenge in the context of a global health crisis. It is important that each accredited person understands their responsibilities. It is imperative that everyone acts in accordance with the barrier gestures in order to protect the continuation of the competitions for the nations and the continuation of the exploitation for our station.

Wearing a mask is compulsory indoors and outdoors for all accredited persons except in places permitted according to the FFS and FIS protocols.

The times and seating plans defined by the organization for lunch hours should be respected.

Hydroalcoholic gel will be made available to you in all areas.

If you experience any of the symptoms related to Covid-19, you should immediately report to the covid manager.

If you need more information or have any questions, do not hesitate to contact us directly by email at promo@gavarnie.com

Gavarnie-Gèdre Ski Resort

Service de restauration collective
Collective catering service
Station de ski de Gavarnie-Gèdre
Gavarnie-Gèdre ski resort

Du 19 au 21 janvier 2022, nous aurons le plaisir de vous accueillir sur notre domaine skiable de Gavarnie-Gèdre dans le cadre de l'Open de France de Ski de Vitesse et des deux courses FIS.

Une protocole sanitaire spécifique lié à la Covid-19 sera mis en place sur la station durant toute la durée de la compétition.

From January 19 to 21, 2022, we will have the pleasure of welcoming you to our ski area of Gavarnie-Gèdre as part of the Speed Skiing competitions, Open de France and FIS.

A specific health protocol linked to Covid-19 will be put in place at the station throughout the duration of the competition.

Afin de pouvoir organiser au mieux le service de restauration sur site pour les repas du midi, nous vous demandons de bien vouloir respecter les heures de repas qui vous seront attribuées ainsi que la composition des tables prédéfinies. Les différentes bulles se verront chacune attribuer une salle de restauration spécifique qui leur sera indiquée dès leur arrivée sur site.

In order to be able to organize the on-site catering service for lunch as well as possible, we ask you to respect the meal times that will be assigned to you as well as the composition of the predefined tables. The different bubbles will each be assigned a specific dining room which will be indicated to them upon their arrival on site.

Le repas du midi du mercredi 19 janvier est offert à toutes les personnes accréditées par la station de ski de Gavarnie-Gèdre.

Le repas du midi du jeudi 20 janvier est offert à toutes les personnes accréditées par le Comité Organisateur.

Le repas du midi du vendredi 21 janvier est offert à toutes les personnes accréditées par les partenaires de l'événement.

Noon meal on Wednesday January 19 is offered to all accredited people by the ski resort of Gavarnie-Gèdre.

Noon meal on Thursday January 20 is offered to all accredited people by the Organizing Committee.

Noon meal on Friday January 21 is offered to all accredited people by the event partners.

Pour les journées d'entraînement des lundi 17 et mardi 18 janvier, nous vous proposons de pouvoir bénéficier d'un tarif spécial de 9€ TTC par personne incluant une formule plat + dessert pour les repas du midi.

For the training days of Monday 17th and Tuesday 18th January, we suggest that you benefit from a special rate of 9 € TTC per person including a dish + dessert formula for lunch.

Les inscriptions pour ces 2 repas des 17 et 18 janvier 2022 devront être faites par mail au plus tard le 10 janvier 2022 à l'adresse mail promo@gavarnie.com

Vous devrez nous communiquer dans ce mail les nom, prénom et bulle d'appartenance des personnes souhaitant se restaurer sur la station.

*Registrations for these 2 meals on January 17 and 18 and , 2022 must be made by email no later than January 10, 2022 to the email address promo@gavarnie.com
You will have to communicate to us in this email the name, first name and bubble of belonging of the people wishing to eat at the station.*

Les règlements des repas se feront sur place par carte bleue, chèque ou espèces. Une facture vous sera émise si besoin.

Meal payments will be made on site by credit card or cash. An invoice will be issues to you if necessary.

Dans l'attente de pouvoir vous accueillir avec plaisir sur notre domaine skiable, nous vous souhaitons de belles fêtes de fin d'années.

Looking forward to welcoming you with pleasure on our ski area, we wish you a merry christmas and a happy new year.

La Station de ski de Gavarnie-Gèdre
Gavarnie-Gèdre ski resort

Hébergements sur place Accommodations on site Station de ski de Gavarnie-Gèdre Gavarnie-Gèdre ski resort

Il n'existe pas d'hébergements en pied de pistes sur notre station. Afin de vous aider dans votre recherche de logements, nous avons contacté au préalable les professionnels du territoire. Vous trouverez dans le tableau joint la liste des hébergeurs ayant répondu à notre enquête ainsi que leurs conditions d'accueil.

Cette liste est non exhaustive puisqu'elle découle d'une enquête web. Il se peut donc que d'autres hébergeurs soient disposés à vous accueillir sur notre territoire.

Il est important de noter que pour ceux qui n'auraient pas de salles de fartage, les salles des fêtes des villages de Gèdre et Gavarnie seront mises à disposition.

There is no accommodation at the foot of the slopes in our resort. In order to help you in your search for accommodation, we have contacted the professionals in the area beforehand. You will find in the document attached the list of hosts who answered our survey as well as their hosting conditions.

This list is not exhaustive since it stems from a web survey. It may therefore be that other hosts are willing to welcome you on our territory.

It is important to note that for those who do not have waxing rooms, the village halls of Gèdre and Gavarnie will be made available.

Si vous avez besoin de plus de renseignements ou avez des questions, n'hésitez pas à nous contacter directement par mail sur promo@gavarnie.com

If you need more information or have any questions, do not hesitate to contact us directly by email at promo@gavarnie.com
